

Modern Slavery Act Statement

GB Railfreight Limited is committed to playing its part in combatting unlawful and unethical practices in relation to modern slavery or human trafficking and taking steps to understand the supply chains within our business. We are currently reviewing the areas of the business which we deem may be at higher risk and we are planning the steps we need to take in order to gain comfort that our suppliers are respecting ethical business practices. We are in the process of publishing a statement to this effect in compliance with our obligations under s. 54 of the Modern Slavery Act 2015.

We are in full support of the Modern Slavery Act and are in the process of finalising our transparency statement by the required date of June 2017.
